[UMCP BS Mathematics Requirements](#)

¹Many students start at MC missing one or more pre-requisites for MATH 181 and ENGL 102. The pre-requisite for MATH 181 is MATH 165. The pre-requisite for ENGL 102 is ENGL 101 or ENGL 101A. For placement information visit the [Assessment Center link](#).

²CMSC 140 does not have an equivalent course at UMCP, but will transfer as a lower level elective and will satisfy the math major programming requirement at UMCP.

³Earning an AS degree at MC guarantees that the General Education requirements at UMCP are considered complete. Students who do not transfer with a degree or do not at least complete the General Education requirements at MC can find information about the General Education requirements at UMCP, using the [UMCP Gen Ed link](#).

⁴Behavioral and Social Science Distribution (BSSD) courses must come from different disciplines.

⁵CMSC 207 is not required, but is highly recommended. If CMSC 207 is not taken, a 200 level program elective must be taken.

Other notes: Students are required to select at least one course with a global and cultural perspectives designation in order to satisfy the Gen. Ed. Global Perspectives requirement. See an advisor to submit an application for graduation the semester BEFORE you intend to graduate.
