

Financial Aid

Financial Aid

Montgomery College believes that students should not be restricted from attending because of limited financial resources. The College established a financial aid program, consisting of grants, scholarships, loans, and student employment, to help eligible students pay for tuition, books, and other necessary items. To receive this aid, students must be in an eligible degree or certificate program*, have financial need, and be making satisfactory academic progress. Students, regardless of need, may qualify for the Student Assistant Employment Program, the Federal Unsubsidized Stafford or Federal Parent Loan Programs. Some scholarships and employment programs have special requirements.

Students applying for financial aid must complete the 2008-2009 Free Application for Federal Student Aid (FAFSA). **Montgomery College's school code is 006911** and should be used when completing the FAFSA. The FAFSA can be sent to the federal processor two ways:

- Internet—Enter your information on the form online at <http://www.fafsa.ed.gov>. For continuing students planning to use the renewal FAFSA online, a PIN number supplied by the Department of Education is required.
- Mail—(allow four to six weeks to process)—This is not recommended if you need the results before the payment deadline.

Students are encouraged to apply as early as possible. Processing on the Web saves time. Additional information may be requested after we receive your FAFSA results from the federal processor.

Your campus Office of Student Financial Aid can assist you in submitting your application online. Call for specific days and times. Bring your and your parents' tax information (if you must file as a dependent student) along with any other income information to your appointment.

Students who complete their files (submit all required documents) after November 1, 2008, should plan to pay the bill for tuition and fees when it is due. Students will be reimbursed if they are subsequently awarded financial aid. Receipt of Financial Aid does not void your agreement with the FACTS plan. To have FACTS stop deducting payments from your bank account, you must adjust your contract by contacting one of the campus cashiers. Students who would like to use their awarded financial aid to purchase books and supplies should inquire at their campus Financial Aid Office beginning December 1, 2008.

Attention Pell Grant Recipients: To receive a Pell Grant to cover the cost of Spring 2009 classes, students with estimated Pell Grant awards posted prior to or on January 26, must be registered by 7:00 a.m. the morning of January 26, 2009 for all their spring semester classes, regardless of the start date of their classes. Students with estimated Pell Grant awards that have not been posted on or before January 26, 2009 will be paid Pell Grant based on their enrollment as of the date their financial aid application becomes complete. Financial Aid may be adjusted if classes are dropped prior to the first class meeting.

* Certificate programs that require less than 16 credit hours for completion are generally not eligible for federal financial aid assistance. Students with an undeclared certificate program are not eligible for federal student financial aid.

Transfer Students

If you are transferring from another college or university and have already processed a 2008-09 FAFSA, you don't have to complete another one. You should contact the Federal Student Aid Information Center at 1-800-433-3243 and ask to have your information sent to Montgomery College at school code 006911. You may add MC to your FAFSA electronically, using your PIN at www.fafsa.ed.gov. You may also bring a copy of your Student Acknowledgement Report (SAR) or the data release number (DRN) from the SAR to your campus Financial Aid Office and we can obtain your financial aid eligibility information.

Financial aid does not transfer from one institution to another, and not all schools participate in the same programs. If you received financial aid at another institution during the semester prior to transferring, you must reapply for financial aid at Montgomery College.

Satisfactory Academic Progress Standard for Financial Aid

All students must make satisfactory academic progress toward an approved degree or certificate

program, in order to receive aid. A copy of the standard can be obtained from your campus Office of Student Financial Aid.

Policy on Return of Title IV Funds

Financial Aid recipients who completely withdraw from all their classes within the first 60 percent of the semester are subject to the Federal Return of Title IV Aid policy based on the number of days the student attended classes during the semester. All cases are calculated individually using the federal formula. The percentage of aid not earned by the student must be returned to the appropriate federal aid programs. Students may owe money to the federal government, Montgomery College, or both. Copies of the policy and formula are available at the Office of Student Financial Aid on each campus. Withdrawals may affect the student's financial aid academic standings as well as their aid amounts. Financial aid recipients considering withdrawing from classes should first consult with the Office of Student Financial Aid on their campus. **To officially withdraw from any classes, you must complete the appropriate procedure specified by the Office of Admissions and Records.**

For more information on financial aid, please call 240-567-5100 or e-mail the Office of Student Financial Aid at any campus FinancialAid@montgomerycollege.edu.

		FINANCIAL AID PROGRAM	FORMS REQUIRED:	Min./Max. Awards (One yr.)	Description		
		G R A N T S	G R A N T S	Federal Pell Grant	FAFSA	\$400 - \$4,731.	Largest federal grant program. Need-based. Eligibility determined by Department of Education.
