

Theme 3 Economic Development

- **Raise visibility of existing career planning and labor market data resources through formal noncredit classes**
 - Planning office has established a web page with occupational trend data posted regularly in a user friendly manner
 - PAR program reviews are now including a request for labor market data references
 - Workshops are being planned for CPOD in how to integrate LMI into classroom exercises

Theme 3 Economic Development

- **Develop a web presence connecting the various resources such that students can explore a continuum of learning experiences along a common career field**
 - Career Coach up and running with thousands of hits over the past year - good community resource
 - Several noncredit classes are being offered on career planning and these draw on use of the Career Coach and Career Cruiser tools we now have on line

Theme 3 Economic Development

- **Outlook to 2020**
 - Continued use of Labor Data
 - Technology and web based services
 - Adapting to demands for new programs
 - Corporate training and services
