

The following list contains the minimum requirements, priority courses, and TEAS test requirements for each program. Applicants who have completed all or some of the priority courses for their program of choice will be given first consideration. You may apply without completing any of the priority courses; however, this will make your application less competitive. The requirements for each program are:

Programs	Minimum Requirements	TEAS Test Requirements	Priority Courses
Diagnostic Medical Sonography	<ul style="list-style-type: none"> • ENGL101 • BIOL212 • MATH110 or higher • PHYS010 or higher 	<ul style="list-style-type: none"> • Reading = 70% • Adjusted Individual Total Score = 66% 	<ul style="list-style-type: none"> • BIOL213: Anatomy and Physiology II* • PHYS010 or higher
Health Information Management	<ul style="list-style-type: none"> • ENGL101 • MATH110 or higher 	<ul style="list-style-type: none"> • None (not required) 	<ul style="list-style-type: none"> • BIOL130/131: Human Body (Previously enrolled students can use BIOL212 & 213: Anatomy and Physiology 1 and II* as an alternative) • CMAP120: Introduction to Computer Applications • HINM115: Medical Terminology I • HINM116: Medical Terminology II
Nursing	<ul style="list-style-type: none"> • ENGL101 • BIOL212 • MATH110 or higher 	<ul style="list-style-type: none"> • Reading = 70% • Adjusted Individual Total Score = 66% 	<ul style="list-style-type: none"> • BIOL213: Anatomy and Physiology II* • ENGL102/ENGL103: Critical Reading, Writing and Research or Writing and Research in the Workplace
Physical Therapist Assistant	<ul style="list-style-type: none"> • ENGL101 • BIOL150 • MATH110 assessment level 	<ul style="list-style-type: none"> • Reading = 70% • Adjustable Individual Total Score = 66% 	<ul style="list-style-type: none"> • BIOL212: Anatomy and Physiology I*
Polysomnography Technology	<ul style="list-style-type: none"> • ENGL101/101A assessment level • READ120 assessment level 	<ul style="list-style-type: none"> • None (not required) 	<ul style="list-style-type: none"> • No priority courses identified at this time
Radiologic Technology	<ul style="list-style-type: none"> • ENGL101 • BIOL212 • MATH110 or higher 	<ul style="list-style-type: none"> • Reading = 70% • Adjustable Individual Total Score = 66% 	<ul style="list-style-type: none"> • BIOL213: Anatomy and Physiology II* • HINM115: Medical Terminology I
Surgical Technology	<ul style="list-style-type: none"> • ENGL101 • BIOL150 • MATH110 or higher 	<ul style="list-style-type: none"> • None (not required) 	<ul style="list-style-type: none"> • BIOL212: Anatomy and Physiology I* • BIOL213: Anatomy and Physiology II*

*BIOL212 and 213 older than five years of the application date may only be accepted upon permission of the program coordinator. Nursing applicants with BIOL212 & 213 older than five years of the application date must take BIOL228 or have consent from the nursing coordinator. Students who transfer to Montgomery College with BIOL212 and/or BIOL213 do not need to complete BIOL150.

IMPORTANT INFORMATION (Please Read)

Before Applying to the Health Sciences Programs

1. Attend a Health Sciences Information Session

Attend an Information Session for your area of interest to understand the nature of the program, the admission process, and the rigor and time commitments needed to be successful. Times and dates can be found at www.montgomerycollege.edu/healthsciences. (At the website, be sure to click the individual program links for program specific information.)

2. Apply to Montgomery College

If you haven't already applied to Montgomery College, submit a Montgomery College Admissions Application online at www.montgomerycollege.edu/apply. Submit official copies of prior learning: college, military, and Excelsior College Exam transcripts; results from international transcript evaluation services; and AP, IB, CLEP, DSST, or DANTES test scores to the Office of Enrollment Services for review. **NOTE:** If you attended Montgomery College, **DO NOT** include a transcript from Montgomery College. One will be generated when you submit your Health Sciences Application. A transcript evaluation will help you to ensure that you do not duplicate coursework. Review the requirements for each program online: www.montgomerycollege.edu/healthsciences.

3. Prepare for the Test of Essential Academic Skills (TEAS)

Students applying to Diagnostic Medical Sonography, Nursing, Radiologic Technology, or Physical Therapist Assistant programs are strongly encouraged to prepare for TEAS. Students should register for TEAS for Nursing. Plan to attend a TEAS Information Session to understand how TEAS is used in the application process, to connect with available resources, and to learn how to best prepare for the exam. For more information about TEAS, visit www.montgomerycollege.edu/teas.

4. See a Counselor

If you need help creating an academic plan, meet with a Montgomery College counselor in the Office of Counseling and Advising. **Be sure to complete steps 1–3 first!**

5. Register to take the TEAS

After studying for the TEAS, register to take the exam at the Assessment Technologies Institute website: www.atitesting.com. For more information about registering for the TEAS and MC's Assessment Centers' testing policies and procedures, visit <http://cms.montgomerycollege.edu/edu/plain.aspx?id=20981>. Students should register for TEAS for Nursing

6. Questions?

Visit our website at www.montgomerycollege.edu/healthsciences or contact the Office of Enrollment Services at 240-567-1501.

Admission Requirements

Montgomery College health sciences programs requiring this application are available **ONLY** at the Takoma Park/Silver Spring Campus. (NOTE: There are two applications: one for admission to the College and a second application for the health sciences programs.)

- Must have the minimum requirement and a minimum GPA of 2.5 for consideration. This GPA is based on your most recent 24 college credits earned. If you are a recent high school graduate with fewer than 24 college level credits, high school records will be included in this calculation. Official transcripts are required.

- **For Programs Requiring the TEAS Test** - GPA will be used for eligibility purposes only. You must complete the TEAS test and attach scores to this application. **You must meet the minimum Adjusted Individual Scores or above in the subjects listed for your program of choice. Students may only take the test twice during a 12-month period. The most recent score will be used.** The Adjusted Individual Total Score will be used to rank eligible students.
- Health Sciences admissions will be based on courses completed and grades earned through the *prior fall semester* only. Spring admission (nursing only) will be based on courses completed through the *prior spring semester* only. (Example: If applying for fall 2017 (March 1 deadline) courses completed by fall 2016 will be used; if applying for spring 2018 (August 1 deadline), courses completed by the end of spring 2017 will be used).
- **Eligible students who are selected for admissions into each Health Science program will be notified by certified mail. Complete program acceptance will be dependent upon satisfactory criminal background checks and drug test results for clinical rotation placements.**
- It is highly recommended that applicants with transfer credits view their transcript evaluations before the application deadline to ensure that they have the courses that are needed for admissions into their program of choice. Transcript evaluations can be viewed by login into your MyMc account.
- It is the applicant's responsibility to ensure that all the required documents are submitted to the Office of Enrollment Services before the application deadline.
- Applicants who have completed all or some of the priority courses for their program of choice will be given first consideration. You may apply without completing any of the priority courses; however, this will make your application less competitive.

Timelines for Notification of Admissions, Non-Admissions or Alternate Status

All students who submitted an application will receive written notification advising them whether or not they have been admitted into their program of choice. **Students who are selected for admissions into the Health Sciences programs will be notified by certified mail.**

Students who applied for the programs that start during the summer (Diagnostic Medical Sonography, Radiologic Technology, Surgical Technology, and LPN to RN), March 1 deadline, should receive notification in the mail by mid April.

Students who applied for the programs that start in the fall (March 1 deadline), should receive notification in the mail by mid May.

Students who applied for the Nursing program (April 1 deadline) should receive notification in the mail by mid June. If you apply for spring admissions into the nursing program (August 1 deadline) you should receive notification in the mail by mid September.
