Testimonial

“You have ideas about what you want to do but you don’t always get to realize your dreams. The Hillman Program put me in a position to realize my dreams and aspire to do more. My initial goal was to finish college, but Hillman spurred me to do more. I transferred to the University of Maryland entrepreneurship program where I learned business development and leadership skills. Hillman gave me the skills to start my own business; the University of Maryland gave me the knowledge of where and how I could focus my interest in helping others.”
