ES Home

The Environmental Safety Office works to promote a healthy and safe work environment for all members of the College community. Our [Safety Programs](#) offer guidance on a variety of health and safety issues, including classroom and office safety, chemical hygiene and hazard communication, safety for Facilities operations and maintenance activities, and other specific hazards. The [Safety Profile System](#) enables you to quickly determine which safety programs apply to your work area.

In addition, the Environmental Safety Office administers and interprets Federal and State environmental and occupational regulations for the College. See our [Regulations](#) page for more information on OSHA, MOSH, EPA, and MDE requirements. Our [Services](#) include safety training, provision of Safety Data Sheets (SDS) for hazardous materials, hazardous waste disposal, safety complaint investigations, and responding to environmental emergencies on our campuses.
