

New Westat Scholarship Will Help More Students Complete College

The Montgomery College Foundation would like to thank Westat for the company's leadership gift establishing a scholarship for students in the Achieving Collegiate Excellence and Success (ACES) program. This need-based scholarship will aid as many as 10 students each year and is focused on those who plan to pursue a bachelor's degree at The Universities at Shady Grove (USG) after graduating from Montgomery College.

We are very grateful to Westat for envisioning a brighter future for students who are most often underrepresented in college classrooms. Their scholarship will provide young people in our community with the educational opportunities needed to ensure they have access to endless opportunities. To learn more about our ACES collaboration with USG and Montgomery County Public Schools, please visit cms.montgomerycollege.edu/ACES.
